

# Transfer of Copyright, Conflict of Interest and Patient Permission Form

Fax Form to 606-679-7745 or E-Mail to [kavanagh.ent@gmail.com](mailto:kavanagh.ent@gmail.com)

or Upload Form at [www.worldent.org](http://www.worldent.org)

For the work entitled:

---

---

Which comprises all submitted Text , Pictures , Video , Audio Recordings t the World Articles in Ear, Nose and Throat

The author(s) agree to transfer copyright to “World Articles in Ear Nose and Throat” for current and future use and for electronic, print, and distribution by other means of the healthcare research and/or education article(s), picture(s) or video(s). The author(s) have not previously published this work.

The author retains all proprietary rights other than copyright such as patent rights to a procedure, instrument or process. The author retains the right to oral distribution and to distribute printed copies (reprints) of the article to requesting individuals, as long as the printed copies are not sold or used for proprietary purposes. The author may not post copies of the article on his website or distribute by electronic means (video tape, DVD, CD, B-Ray or other similar means developed in the future) without the express permission of the “World Articles in Ear Nose and Throat”.

If the submitted work was done as a “work for hire” arrangement, then the agency or company that sponsored the work must be listed in the submitted material. If the agency or company has rights to submitted material, they must also sign the copyright transfer form.

The author(s) declare that either they have no financial conflicts of interest with the submitted work which exist in the last two years prior to article submission or if such interests exist that they are listed below. (May use extra pages)

---

The author(s) affirms that he/she has obtained permission from the patient for use of any patient specific information, photographs and videos. If the patient can be identified in the article, presentation or video the author’s certify that they have obtained written permission to use the patient’s image. All authors must sign this form:
